

Press Release Title: The Story Behind the “Partner with the best” Motto of Magnetic Automation Corp

Press Release Date: 7/12/2009

Time and time again, Magnetic Automation Corp has proven itself and its products to be the best possible choice for end users, system integrators, software providers and OEMs alike. This is quite evident in the fact that our products are showcased around the world in many of the most prestigious and/or demanding applications possible. Such locations include:

- Airport Parking Facilities
- Rental Car Facilities
- Park and Ride Lots
- Automatic Fare Collection / Mass Transit Lines
- Seaports
- Toll Roads / Tollways
- Embassies / Capitals
- Immigration / Customs / Border Crossings / Trusted Traveler
- Condominium Complexes
- Gated Communities
- Military Bases

If anything, our customers and industry allies continue to choose Magnetic not only because of its outstanding technologies and well known quality, but even more so with ultimate flexibility and integrity. The Magnetic name has truly become synonymous with the word “partner”. Whether it be creating completely unique and/or proprietary designs or simply making a color change, Magnetic does whatever is necessary to facilitate a long-term relationship. It is understood that without creating and cultivating such relationships, prosperity will only be short lived. In the end, when it comes to finding the best partner for entrance control applications, there is only one choice: Magnetic Automation Corp.

Magnetic Automation Corp, located in Rockledge FL, is a leading manufacturer of vehicle and pedestrian access control products for parking control, mass transit and other related entrance control applications. Core product competencies include high performance vehicle barriers, turnstiles, automatic pedestrian barriers, aircraft boarding gates, airport immigration / trusted traveler gates, parking control equipment, toll road gates and other related products.
